

## Smart Solutions Privacy policy

### **Camera:**

This application uses your devices' camera to scan prescription number barcodes. This scanned image is never sent to our servers or saved to your device.

### **HIPAA:**

Your Information and Rights

Smart Solutions provides services for various pharmacies.

These pharmacies by law and regulation must protect the privacy of your medical information, provide each patient with a privacy notice, and must abide by the terms of notice of privacy practices in effect.

Smart Solutions will never share your information with any organization other than the pharmacy where your medical information is located.

If you have further questions regarding Smart Solutions with respect to your PHI you can contact us at [privacy@smartcos.com](mailto:privacy@smartcos.com).
